

Visitor Regulations

We believe that continued involvement with families and friends will help our residents adjust to their new surroundings. Our visiting hours are not restricted.

Visitor Guidelines

All residents may receive visitors of their choice unless:

1. The resident refuses to see the visitor.
2. The attending physician documents specific reasons why a visit would be detrimental to the resident's health or well being.
3. The visitor is exhibiting contagious symptoms that would place the resident, as well as others, at risk.
4. The visitor's behavior is unreasonable or disruptive to the functioning of the facility as determined by the administrator.

The decision to restrict a visitor will be reviewed and reevaluated each time the resident's plan of care and medical orders are reviewed by the physician and nursing staff or at the request of the resident.
